News From the Officers

Greetings All Members,

The Trial of Champions is over and my hat is off to chairman Mikael Mulberry for an outstanding job,! It was a classy trial from top to bottom!!

Congratulations to Jimmy (PM), owned and handled by Scott Townsend from the Michigan Region, our new 2019 TOC Winner!! A fine young dog who earned his second national title. I am sure there will be more to come.

The Board of Directors' meeting was held on April 24, 2019, and as promised, an array of new projects were introduced. First and foremost, the new amateur format was offered to the BOD and it passed with flying colors! As of July 1, 2019, we are promoting our new program in order to enhance and increase our growth of membership. Regions will also be awarded money for a percentage of growth in their region.

Each region was requested to have their President or a representative at the meeting however, only about half showed up. I am still working diligently on trying to get all of this information out to you, the members, but there seems to be stumbling blocks at every turn. It has been difficult to get the attendees to go home and convey this information back. We ask you to please put it on your website or mail a copy to the members. It's like pulling teeth trying to keep you, the members, informed of what is going on with your National Board. I will not give up and will continue to look for ways to be successful. Ask your President, if he or she can help you get a copy of the BOD meeting minutes and read what's going on.

New national sponsors are being added as we speak! Quail Forever has signed on, as well as Trophy Time Gun Dogs. Two or three more should be signed, sealed, and delivered before the Dog of the Year trial in October.

I need to get moving, it's time to hit the road and head to Osceola, Iowa for the UKC Performance Trial. Until next time, have a great summer relaxing with your dogs. Enjoy family and friends while recharging your field trial batteries and we will all be chomping at the bit by late September or early October.

IMPORTANT THINGS TO REMEMBER!

Purina Endurance Classic:

Entry into this trial will be based on all open points earned from June 1 through May 31. Points earned from placements in the final "Top 4" of a National Championship trial or Regional Championship trial do not count; however, points from qualifying rounds do count.

TOP PERFORMANCE:

Dogs must have at least 20 open points from June 1 through May 31 of the applicable year to be eligible. Points will be from weekend trials only. From there, the award will be based on national trials and regional eliminations. The Performance Trial will be the beginning national trial each year, even if it ends prior to June 1 in order to keep the number of nationals the same each year. The Regional Elimination trial will be based on regularly scheduled regionals for each year and only one regional can count per year. Regionals scheduled or rescheduled to be held after June 1 will apply to the previous year. For national trials, a dog must make the Saturday cut to receive a qualifying score. Each national trial will have a point value of 800 points. The value will drop 25 points per placement throughout the Saturday cut (1 – 800, 2 – 775, 3 – 750, etc.). In addition, 100 bonus points will be awarded to the Champion, 75 for second place, 50 for third and 25 for fourth. Each regional elimination will have a point value of 600 points. The value will drop 25 points per placement until the last dog or points run out (1 – 600, 2 – 575, 3 – 550, etc.). In addition, 100 points will be awarded to the Champion, 75 for the second place dog, 50 for the third and 25 for fourth. The placement for the regional eliminations and national trials is determined by the score of the last round in which the dog ran.

HALL OF FAME NOMINATIONS:

Hall of Fame nominations will be accepted November 1 through March 31 of each year. Send these to the office. Nominations of dogs to the NSTRA Hall of Fame are NOT "carried over" to following years should the dog not be elected in the year nominated.

Plainly stated, a dog that does not get elected to the Hall of Fame in the year nominated must be re-submitted each year in order to be considered for election.

TRIAL SCHEDULES:

Fall trial schedules are due in the office by May 1. Spring trial schedules are due in the office by Nov. 1. All trials must be published on the website 4 weeks prior to their running.

SCHEDULING FEES:

Trial scheduling fees are requested in the NSTRA office at least 4 weeks prior to your trial date in order to mail the packets on a timely basis.

TRIAL REPORTS:

Trial reports are due in the NSTRA office 10 days after the trial date.

QUAIL INVITATIONAL:

This trial is always held the last week in February that includes a Saturday. The qualification period for this trial is Nov. 1 through Oct. 31. This includes all points earned during the time frame, except points earned from placements in the final "Top 4" of a National Championship trial or Regional Championship trial (qualifying rounds do count). Entry into the trial is based on points (dog with most points first to get in and on down the list, etc.). NO INVITATIONS WILL BE SENT. Any dog with a placement during the specified time frame will be eligible to enter. Amateur points do not qualify entry into Championship trials.

TRIAL OF CHAMPIONS:

The criteria for entry into this trial is that the dog has earned an open championship and is at least a 1X open champion by February 1 of the current year OR the dog can be a paid standby for this trial by achieving their open championship between February 2 and March 31 of the current year.

UKC PERFORMANCE CLASSIC:

The qualification for this trial is points earned from April 1 to March 31. Weekend trials only. No points from qualification or final rounds of national championship or regional championship trials will be counted.

DOG OF THE YEAR:

This trial will begin on Wednesday of the last full week of October. This trial is based on region elimination placement and/or high point status. All entries must be postmarked 45 days prior to the first day of the Dog of the Year trial. (NO INVITATIONS WILL BE SENT.)

HOME REGION:

Members requesting a change of Home Region must do so, in writing, through the National Office between the dates of October 1 and January 1. *Exception: A member who permanently relocates to within the boundaries of a Region, other than their Home Region, may make written application to the NSTRA office at anytime to request a change in their Home Region.

ASSOCIATE MEMBERSHIPS:

Associate memberships are available to members' spouses and children 18 years and under, still living at home. There must be at least one regular paid membership in the household to qualify. Associate members have the same rights as regular members EXCEPT they are unable to vote in any regional or national elections including rule or by-law changes, they cannot hold an office, and they do not receive a magazine.

RULE CHANGES:

Proposed new rule changes or additions shall be submitted sixty (60) days prior to the first day of the Trial of Champions and/or the Dog of the Year trial.

CONSTITUTION/BY-LAW CHANGES:

All proposed amendments to the Constitution and By-laws shall be submitted to the National Officers at least ninety (90) days prior to the first day of the Trial of Champions or the Dog of the Year trial.

IMPORTANT THINGS TO REMEMBER!

REGION HIGH POINT:

Points earned in the qualifying rounds of a Regional Elimination or a Championship trial DO count towards the region's high point competition. Points earned in the finals of above trials DO NOT count towards the region's high point.

OWNERSHIP CHANGE:

Once a dog takes a NSTRA placement, any subsequent ownership changes must be sent to the NSTRA office. Please send a copy of the papers with the new owners' names to the office. Transfer copies will not be accepted. The date of transfer will be the date shown on the papers.

FIRST TIME PLACEMENTS:

The National Office now requires a copy of the dog's registration certificate for first time placements. This can either be submitted by the owner or the trial chairman. We will accept copies by fax (317-839-4197), e-mail (office@nstra.org) or a photocopy by regular mail.

NSTRA Distinguished Members:

The NSTRA Distinguished Members award honors those extraordinary men and women whose contributions and achievements significantly helped develop, or continued to improve, the National Shoot to Retrieve Field Trial Association, Inc. This award will be presented annually at the Dog of the Year banquet. Nominations are to be submitted by August 31. A short description of the individual and their contributions to NSTRA should be sent to the national office. A picture of the individual should be included if available. Contact the NSTRA office for a list of criteria.

The committee will review all nominations and verify contributions. Decisions will be made not only by the information submitted but by any other information collected.

The committee will make their decision by September 30. A permanent plaque will be located at the NSTRA office with a smaller plaque awarded to the individual or their family if deceased.

Raymond Lee Jones

Raymond Lee Jones, age 84 of Salem passed away on May 21, 2019, at Barnes Jewish Hospital in St. Louis, MO. Raymond was a member of the National Shoot and Retrieve Field Trial, he was a charter member of the Salem Little League, he coached Little League Baseball, and he played men's slow pitch softball.

Funeral services were held on Friday, May 24, 2019, at 2:00 p.m. at Rogers-Atkins Funeral Home with Garry Jones officiating. Burial followed at Summit Prairie Cemetery in rural Salem. Memorial contributions can be made to the Summit Prairie Cemetery.

Raymond was born on April 8, 1935, in Salem, IL to Glen R. and Avaline (Morgan) Jones. He married Melba (Kelly) Jones on August 5, 1955, in Salem and she survives in Salem. Survivors include a son, Garry Jones and wife Renee of Pineville, Louisiana; daughters, Terri Kramer and husband Ronnie of Farina and Deidre Jones of Salem. Raymond helped raised three of his grandchildren, Shawn Rasul and wife Kerri of Salem, Kiran Rasul of Salem, and Anissa Rasul of Salem; also survived by a grandson Seth Jones of Louisiana; great-grandchildren, Carson Bryan, Alivia Rasul, and Kameron Rasul. He was expecting the birth of another great-granddaughter, Atlee Rasul.

He joined NSTRA in July of 1985. He was buried with a Illinois Region NSTRA cap and a NSTRA decal. A lot of orange caps were present at the funeral.

Raymond opened one of the very first shooting preserves in the country at his home outside of Salem, Illinois, with as many as ninety dogs on site at one time. He was the owner of Salem Gamefield's Kennels. He campaigned over 25 dogs in NSTRA and compiled an impressive list of placements and 8 NSTRA champions.

He hosted NSTRA trials at his place for a number of years. The first trial I ever ran in was at Raymond's, 19 years ago on April 1st. He also hosted the very first "Shriner's Trial" in May of 1990.

My wife bought my 3X NSTRA CH "Woods Christmas Star" from Raymond as and outlaw, unsocialized, year and a half old dog. Raymond was her initial trainer.

Raymond was a very competitive man, and it took some time to get to know him personally. If you took the time, it was well worth the effort. He was a fine man and a loyal friend. -- William Woods ■

REGIONAL TRIALING

The National Shoot To Retrieve Association (NSTRA) was founded by a group of dedicated bird hunters looking for a way to extend the fun they enjoyed with their bird dogs after their season ended. Field Trials, under hunting conditions, were the answer. Field Trials provide an extended the season, a sportsmanlike environment and competition with others who enjoy bird dogs.

Send all Regional Trial information, highlights and photos to NSTRA office to be placed in the next publication.

Studying Us Dog Owners Is Not Rocket Science

Todd Kellam, United Kennel Club

Dog ownership has been the focus of many scientific studies lately. The results of these studies have been making some news. But I have to say, as a group we could have saved these scientists a lot of time and expense had they only consulted any one of the many of us involved in the gundog sports.

For instance, I recently read that dog ownership is tied closely to our personal, individual, genetic make-up. Of course it is. Go ahead and take it a step farther. Can we make a similar statement that owning gundogs is also a specific genetic trait? I would contend that this is absolutely the case. So is the fact that we own guns, enjoy hunting, live in rural areas and eat red meat. All of these traits are in our DNA. Most of us could not walk away from owning and hunting dogs if we tried.

How many people can you think of that got rid of their bird dog and became strictly a deer hunter? I can't think of one. But I can think of dozens of individuals, myself included, who eventually lost all interest in deer hunting preferring instead to spend time in the marsh or field with man's best friend. That is genetics at work. No matter what the type of start we all got in our introduction to the outdoors, we all ended up with hunting dogs. It is inevitable, which in my mind is the same

as genetic. I could have saved someone a lot of money on that study.

I also read recently that it has been proven that dog owners are happier than cat owners. Really? Does that come as a surprise to anyone? Dogs are happy, loyal, hard-working and cooperative with humans in our many varying pursuits. Cats are lazy, sneaky, spooky, and antisocial. It is obvious that someone that only has dogs is going to be happier than someone who only has cats. I have only ever known one bird dog guy in my whole life that I accused of liking his cat better than his dog. Maybe it is because he had an American Brittany. I'm not sure (and yes, I'm kidding). But the dog slept outside and received very little attention and the cat slept inside and received plenty of attention. That guy was kind of a grouchy old fart now that I think about it.

Most of the bird dog guys I know are like my old friend Dave. Dave always had a nice GSP and liked to hunt pheasants and grouse. His wife wanted a cat in the worst kind of way. Dave finally conceded to let her get a cat with the one stipulation that if he ever caught the cat outside, he would get rid of it (not his exact words). She agreed. When I asked him how it worked out, he told me that she was on her fourth one in as many years. But Dave was happy. I rest my case.

The other study I read lately is that science has proven that owning a dog boosts a person's social life. For a young man the proof is as simple as taking a cute little Setter puppy to the park or a beach. For someone my age, the proof is all the great people from around the country that I have shared a hunt with or met at field trials and hunt tests. We owe these old dogs a lot for the many friendships we have made because of them. And that my friend is not exactly rocket science. ■

Fall Field Trial Schedule

Entry forms must contain all requested information or entry cannot be accepted. Trial chairman may not accept entries postmarked prior to **December 1st** for the Spring trial season (January 1 to June 30) or postmarked prior to June 1 for the Fall trial season (July 1 to **December 31**). What would you do for a friend?

Many years ago John Trout of the Arizona Region took a young man new to NSTRA trialing by the name of Brian Rebello under his wing and soon became not only trialing partners but also close wild bird hunting friends. Hunting seasons always found Johnny and Brian spending long hours on the rugged San Carlos Apache Reservation in search of quail with two of their favorite English Pointers Trout's Elhew Emma "Emma" and Rebel Ramblin Ruby "Ruby" who were litter mates.

John's dog "Emma" soon became John's favorite and found her way from his kennel into the house. Emma and John soon began to successfully campaign in NSTRA all over the United States. At 9 years old, Emma had become a 4x champion, a AZ Regional High Point winner and a 2x time AZ Regional Champion. Her 2017 Regional Championship win started with her behind Bob Henson's dog "Rap" ahead by three birds before Emma came back and found five birds to win the title and make her a 4x champion.

Unfortunately, Emma never seemed to bounce back from the regional championship run. John had taken her to the veterinarian and Emma was diagnosed with Valley Fever. Emma shortly after took a turn for the worse and had to be put down because the valley fever had spread throughout her chest cavity. We all know how hard it is to lose that one dog in your kennel who always seemed to pull out a win, even when we have other dogs that are good as well.

John was ready to give up in NSTRA and just focus on his other "wild bird dogs" that's when longtime friend and hunting partner of 35 years Brian Rebello stepped up, Brian said he will always miss the smile Emma brought to John's face as he talked about Emma and felt he couldn't let his old friend just stop trialing.

Brian had his dog Ruby's papers changed so that his longtime friend John was now co-owner of Ruby and gave Ruby to John so he could continue campaign her. John placed Ruby in the first two trials that he took her to in Oregon, lifting Johnny's spirits and getting him back into NSTRA.

Brian wanted the focus to be on Johnny and Emma and what a great team they made in their years of trialing, but the bigger picture is how NSTRA created a truly close bonding friendship that has lasted more than 35 years. And how, like Brian, a true friend will find a way to keep their friendship strong for many years to come.

Too often we all forget that the true blessing of NSTRA isn't the number of x's we put behind the championships we place on our favorite dogs, but the friends that we make along the way. Friends that we never would have crossed paths with without the competition of NSTRA.

John's new goal is now to make Ruby a 5x NSTRA champion.

Good Luck Johnny and Ruby!

And...thank you Brian!

Proposal of Membership Fee Adjustment for Canadian Residents

At the 2019 Board of Directors' April meeting during the Trial of Champions, an agenda item for consideration was the Central Canada region proposal for a different annual membership fee for residents of Canada. This proposal arose following the membership approval of an increase in annual membership to \$75.00 for regular members of NSTRA (2018-2019).

The Central Canada region articulated that the new \$75.00 US fee is a hardship for Canadians and the region is concerned that the increase will have a negative effect on membership in the region. Based on the exchange rate at the time of the meeting, discussion centered on the fact that a \$75.00 US dollar amount costs a little more than \$100 in Canadian funds. The Board of Directors amended the proposal to include ALL residents of Canada, regardless of the NSTRA region to which they belong or join. A majority of the Board of Directors approved a change in regular membership fee for Canada residents only. The new regular membership amount is proposed as \$55.00 US. At current exchange rates, as of this writing, this is approximately \$75.00 in Canadian funds.

Pursuant to the NSTRA By-laws, Article III, Section 1: The annual membership fee will be payable to the National Association. **The fees shall be recommended by the Officers and Board of Directors and approved by the membership.**

1. INTRODUCTION

In 2018, the *Committee to Increase NSTRA Amateur Competition* was formed and tasked with developing supplemental guidelines to expand NSTRA's amateur program—with the ultimate goal of attracting new members to NSTRA through amateur competition. An important consideration for the committee in developing guidelines was to work within the existing amateur framework as much as possible while still maximizing opportunities for amateur dogs to compete. As a result, the proposed suggestions represent what the committee believes is an appropriate balance between changes to the existing program guidelines and potential benefits in terms of program growth.

Below were the specific objectives of the committee:

- A. Realign amateur eligibility standards so that they are uniform and allow participants more opportunities to develop using existing formats
- B. Design a pathway for amateur participants to work towards an Amateur Championship title across every trial format
- C. Develop both Regional and National Amateur Championship trial formats that provide added value to the program and further recognize amateur competitors
- D. Engage Regions by offering incentive programs for promoting and using Amateur formats across the country
- E. Develop a strategy to advertise these programs and trial formats to attract new members as well as giving our sponsors more exposure within our organization (**NOTE:** Objective E has been tabled until all other objectives are approved)

1. PROPOSED GUIDELINES

Objective A: Realign amateur eligibility standards so that they are uniform and allow participants more opportunities to develop using existing formats

The aim of Objective A is to reduce the degree to which the NSTRA amateur program serves as a transitional program to open competition. That is, in order to grow the amateur program it is believed there should be greater potential for amateur dogs to maintain their amateur eligibility and to compete as amateurs without being required to transition to open competition. Sections 17.01 and 22.01 are most relevant to Objective A.

Section 17 OPEN/AMATEUR TRIAL FORMAT:

17.01 Eligibility: Any dog that has 3 Open points or less, none of which can be first place points, is classified as an Amateur dog and is eligible for the Amateur division. An Open dog is one that has four (4) or more Open points or a dog that has earned first place points in the Open Division. Entrants are responsible for the proper classification of their dogs (Amateur or Open). An Amateur dog can run in either the Amateur or Open Division at the owner's discretion (including moving back and forth between the two, except as noted in the last sentence) until such time as the dog achieves any one of the following:

- a) Amateur Championship status (18 points - 9 of which are first place Amateur points)
- b) Earns more than 4 points in Open Division
- c) Earns any First place point (s) in the Open Division

Recommended changes to Section 17.01

17.01 Eligibility: Any dog that has six (6) or less Open points, including first place points, is classified as an Amateur dog and is eligible for the Amateur division. An Open dog is one that has seven (7) or more Open points of any type. Entrants are responsible for the proper classification of their dogs (Amateur or Open). An Amateur dog can run in either the Amateur or Open Division at the owner's discretion (including moving back and forth between the two) until the dog achieves seven (7) Open points. If an Amateur dog earns seven (7) or more points in the Open Division, and if the dog has earned at least seven (7) Amateur points of any kind, then the dog will receive their Amateur Champion title if the dog does not already have an Amateur Champion title.

Section 22 OPEN/COMBINED TRIAL FORMAT:

22.01 Eligibility: Any dog that has 3 Open points or less, none of which can be first place points, is classified as an Amateur dog and is eligible for the Amateur division. An Open dog is one that has four (4) or more Open points or a dog that has earned first place points in the Open Division. Entrants are responsible for the proper classification of their dogs (Amateur or Open).

In the OPEN/COMBINED trial format an Amateur dog competes in the Amateur and Open division in the same brace.

An Amateur dog can run in either the Amateur or Open Division at the owner's discretion (including moving back and forth between the two, except as noted in the last sentence) until such time as the dog achieves any one of the following:

- a) Amateur Championship status (18 points - 9 of which are first place Amateur points)
- b) Earns more than 4 points in Open Division
- c) Earns any First place point (s) in the Open Division
- d) If an Amateur dog earns 4 or more points in the Open Division or earns any First place points in the Open Division then the dog will receive their Amateur Championship.

Recommended changes to Section 22.01

22.01 Eligibility: Any dog that has six (6) or less Open points, including first place points, is classified as an Amateur dog and is eligible for the Amateur division. An Open dog is one that has seven (7) or more Open points of any type. Entrants are responsible for the proper classification of their dogs (Amateur or Open). In the OPEN/COMBINED trial format an Amateur dog competes in the Amateur and Open division in the same brace. An Amateur dog can run in either the Amateur or Open Division at the owner's discretion (including moving back and forth between the two) until the dog achieves seven (7) Open points. If an Amateur dog earns seven (7) or more points in the Open Division, and if the dog has earned at least seven (7) Amateur points of any kind, then the dog will receive their Amateur Champion title if the dog does not already have an Amateur Champion title.

These changes allow a dog to maintain amateur eligibility with a higher number of open points than is currently allowed—including first place points. In addition, the dog is not required to transition to open competition after achieving an Amateur Champion title, thus allowing a dog to earn multiple amateur titles. The only time a dog is required to move to open competition is after earning seven open points, at which time the dog will receive an Amateur Champion title so long as it also has at least seven amateur points and does not already have this title. The requirement that a dog have at least seven amateur points to receive the Amateur Champion title is to ensure the dog has in fact competed as an amateur.

SPECIAL NOTE: At the time these guideline changes take effect, any dog that holds an Amateur Champion title due to a 1st place open win during an Open/Combined trial shall retain that Champion title even if the dog becomes eligible again for amateur status, i.e., still has fewer than seven open points.

Objective B: Design a pathway for amateur participants to work towards an Amateur Championship title across every trial format

It is the view of this committee that recommended changes for Objective A regarding the allowance of open points earned by amateur dogs also address Objective B. An amateur dog must register as an amateur for a proportion of its trials; however, the amateur dog can also participate in open only trials and still maintain amateur status and a pathway to an Amateur Champion title.

Once an amateur dog has earned at least seven amateur points, the dog can then earn an Amateur Champion title by (a) accumulating another 11 amateur points (18 total amateur points, 9 of which are first place points) or by (b) earning seven open points of any type. Consequently, any trial format offering either open or amateur points is a potential pathway to an Amateur Champion title.

Objective C: Develop both Regional and National Amateur Championship trial formats that provide added value to the program and further recognize amateur competitors

It is anticipated that if NSTRA were to offer Regional and National Amateur Championship trials that these higher-level trials will increase both the visibility and perceived significance of NSTRA amateur competition. By extension, these trials may in and of themselves positively impact growth of the NSTRA amateur program. To accomplish Objective C, the committee recommends two new amateur trials.

Regional Amateur Championship:

- Qualification: Any amateur placement or having an Amateur Champion title [with fewer than seven (7) open points] during the qualification period (same time period as Regional Open Championship).
- Format: Beat your brace mate
- Minimum of 7 qualified amateur dogs

- No final hour
- Qualification rounds: Regular amateur points apply as in all other amateur formats
- Final points as follows:
 - 7-12 Dogs 1st-2 amateur points, 2nd-1 amateur point
 - 13-23 Dogs 1st-3 amateur points, 2nd-2 amateur point, 3rd-1 amateur point
 - 24-32 Dogs 1st-4 amateur points, 2nd-3 amateur points, 3rd-2 amateur points 4th-1 amateur point
 - All first place amateur points awarded for finals

It will be up to each region to decide if, when, and where it will hold a Regional Amateur Championship trial. Established NSTRA sanctioning fees shall apply.

SPECIAL NOTE: A dog is allowed to compete in both the Regional Amateur Championship and Regional Open Championship trials in the same year if qualified.

National Amateur Championship

- Qualification: Must obtain Amateur Champion status or have an Amateur Champion title during qualification period (same time period as Trial of Champions). NOTE: A dog earning Amateur Champion status via 18 total amateur points or via 7 open points combined with at least 7 amateur points is eligible to compete in the National Amateur Championship trial until that dog earns an Open Champion title.
- Format: Beat your brace mate
- The National Amateur Championship trial will require a minimum of 24 dogs
- No Final Hour
- Amateur points awarded during qualification rounds in accordance with any other all amateur trial format
- Open points awarded for final round placements as follows
 - 24-32 Dogs 1st-3 open points, 2nd-2 open points, 3rd-1 open point
 - 33 or more Dogs 1st-4 open points, 2nd-3 open points, 3rd-2 open points, 4th-1 open point
 - No 1st place open points awarded

Objective D: Engage regions by offering incentive programs for promoting and using amateur formats across the country

After careful consideration, the committee moved away from developing any financial incentive programs based on region use of amateur trial formats. Rather, the committee voted to incentivize region membership growth. This change is based on the understanding that membership growth is the ultimate goal behind increasing NSTRA amateur competition. Furthermore, the additional revenue generated by increased membership will largely offset the cost of a membership-growth incentive program. With these considerations in mind, the committee recommends the following:

Region Incentives Based on Membership Growth

Incentives are based on region membership numbers on July 1, 2019 through June 30, 2020. ~~If a at the time of the region's Open Regional Elimination trial.~~ If a region's membership numbers are higher on June 30, 2020 ~~at their Regional Elimination trial date~~ than they were on July 1, 2019 ~~at the corresponding trial date of the previous year~~ that region may be eligible for an incentive.-

- Regions with a membership increase of **5%** to **9%** will receive a **\$250** incentive
- Regions with a membership increase of **10%** or more will receive a **\$500** incentive

Each region will have discretion in how best to use of these incentive funds to promote their region.

1. ADDITIONAL CHANGES

Change A: Because of the proposed changes above, the guidelines pertaining to eligibility of bye dogs will require edits to be consistent with the proposed guidelines.

17.17 Bye Dogs: Should an uneven number of Amateur entries be received, a bye dog may be used to round out the field provided the bye dog meets all the eligibility criteria for Amateur competition (3 or less Open NSTRA points, none of which can be First Place points). If no suitable bye dog is available, the last Amateur entry received will be returned with a full refund. In the event of an uneven number of entries in the Open Class, a standby dog may be used. An Amateur entry may compete in the Open Class if he so chooses, but may not compete in both classes on the same day. There are no changes to the rules governing bye dogs in the Open Trial.

Recommended changes to Section 17.17

17.17 Bye Dogs: Should an uneven number of Amateur entries be received, a bye dog may be used to round out the field provided the bye dog meets all the eligibility criteria for Amateur competition (6 or less Open NSTRA points). If no suitable bye dog is available, the last Amateur entry received will be returned with a full refund. In the event of an uneven number of entries in the Open Class, a standby dog may be used. An Amateur entry may compete in the Open Class if he so chooses, but may not compete in both classes on the same day. There are no changes to the rules governing bye dogs in the Open Trial.

Change B: Similarly, the proposed changes necessitate changes to sections 18.02 and 18.03 concerning open versus novice dogs. These changes keep the definition of an open dog consistent across trial formats.

18.02 A Novice dog is one that has a total of three (3) Open points or less and none of the points are first place points. An Open dog is one that has four (4) or more points.

18.03 Entrants are responsible for assuring their Novice dog has three (3) points or less.

Recommended changes to Sections 18.02 and 18.03

18.02 A Novice dog is one that has a total of six (6) Open points or less. An Open dog is one that has seven (7) or more Open points.

18.03 Entrants are responsible for assuring their Novice dog has six (6) Open points or less.

Change C: The committee is also proposing changes to the all-amateur trial format with the goal of increasing continuity between the different types of amateur trials and reducing the degree to which NSTRA amateur competition represents a transitional program to open competition.

The proposed changes are as follows: (a) award amateur points for all-amateur trials instead of open points, (b) only require there to be seven dogs in the trial for the award of three first place amateur points, and (c) no restriction on how many all-amateur trials a region can host each season.

Section 20 AMATEUR FIELD TRIAL is most relevant to Change C:

Section 20 AMATEUR FIELD TRIAL:

20.01 All Amateur Trials shall be run under National Shoot-To-Retrieve Association rules. Each region may hold no more than four (4) Amateur trials per year (two during the spring trial season and two during the fall trial season). All trials must be scheduled through Region Presidents. There is no sanctioning fee required to be paid to NSTRA for Amateur trials.

20.02 All scheduled Amateur field trials will be officially sanctioned trials by NSTRA.

20.03 Championship points shall be awarded as follows:

12-17 entries One point for first place

18-23 entries Two points for first place One point for second place

24-32 entries Three points for first place Two points for second place One point for third place

20.04 No Amateur points shall count as first place points in qualifying as a champion.

20.05 All Amateur points acquired in the time frame for qualifying for Regional Elimination trials shall count as qualification points for Regional Elimination trials.

20.06 No Amateur points shall apply toward the Top Performance Award.

20.07 Entrants shall be responsible for assuring their dog does not have any placements before entering an Amateur trial.

20.08 Entry fees shall be limited to **30.00** per entry. Total number of entries per owner and/or handler shall comply with 8.08 under Rules for Recognized Field Trials.

20.09 Trial participants must be NSTRA members.

20.10 Awards: plaques, trophies, etc. shall be awarded to the top six placements of each Amateur trial.

20.11 Trial articles and photos of the placements of Amateur trials will be published in the NSTRA magazine if forwarded to the NSTRA office.

Recommended changes to Section 20.01

20.01 Eligibility: Any dog that has six (6) or less Open points, including first place points, is classified as an Amateur dog and is eligible for the Amateur division. An Open dog is one that has seven (7) or more Open points of any type. All Amateur Trials shall be run under National Shoot-To-Retrieve Association rules. All trials must be scheduled through Region Presidents. Entrants are responsible for the proper classification of their dogs. There is no sanctioning fee required to be paid to NSTRA for Amateur trials.

20.02 All scheduled Amateur field trials will be officially sanctioned trials by NSTRA.

20.03 Amateur points shall be awarded as follows:

4 entries One point for first place

5-6 entries Two points for first place, One point for second place

7 or more entries Three points for first place, Two points for second place, One point for third place

20.04 All Amateur points acquired in the time frame for qualifying for Regional Elimination trials shall count as qualification points for Regional Elimination trials.

20.05 No Amateur points shall apply toward the Top Performance Award.

*20.06 Entry fees shall be limited to **30.00** per entry. Total number of entries per owner and/or handler shall comply with 8.08 under Rules for Recognized Field Trials.*

20.07 Trial participants must be NSTRA members.

20.08 Awards: plaques, trophies, etc. shall be awarded to placements of each Amateur trial.

20.09 Trial articles and photos of the placements of Amateur trials will be published in the NSTRA magazine if forwarded to the NSTRA office.

Change D: Guideline 22.05 pertaining to number of dogs allowed per owner/handler during an Open/Combined format trial requires a change to be consistent with the existing guideline for open trials.

22.05 Entries in the Open/Combined trial: Entries in both the Open and Amateur divisions of the trial shall be limited to five (5) dogs per owner and or handler per trial. Two shall be specified with the additional dogs to be added to the field seven (7) days prior to the trial only if the trial is not full per rules of a recognized field trial. Under the Open/Combined format 24 dogs (12 braces) is considered a full 3 point Open trial. Preference shall be given to entering 8 Amateur dogs in order to achieve a 3 point Amateur trial.

Recommended changes to Section 22.05

22.05 Entries in the Open/Combined trial: Entries in both the Open and Amateur divisions of the trial shall be limited to five (5) dogs per owner and or handler per trial. Three (3) shall be specified with the additional dogs to be added to the field seven (7) days prior to the trial only if the trial is not full per rules of a recognized field trial. Under the Open/Combined format 24 dogs (12 braces) is considered a full 3 point Open trial. Preference shall be given to entering eight (8) Amateur dogs in order to achieve a 3 point Amateur trial. ■

Synopsis of BOD meeting, Recap, and Review for Regional Presidents and general membership (May 2019)

As a result of actions taken by the Board of Directors at the most recent meeting in April 2019, the following is offered for your consideration and contemplation:

1. In an effort to boost membership nationwide and promote growth at the grass roots level, the National Officers and Board of Directors approved an action to offer five (5) free, new regular memberships to each region during the year beginning July 1, 2019 through June 30, 2020. This coincides with the member-approved increase in annual dues (from \$50 to \$75 regular memberships) and is designed to assist regions with recruitment of new members. The Region President will be required to submit the name/information of the new member to the national office – however, anyone may do the recruiting. You may not use these memberships to upgrade an associate member to a regular member; you may not use these memberships to renew an existing member or to renew a recently expired member (e.g., less than two years).
2. As part of an overall membership expansion initiative, incentives based on overall membership growth during the next year are offered to all regions. This objective will be measured from July 1, 2019 to June 30 2020. Regions that record an increase of 5% to 9% in overall membership will receive \$250.00. Regions that record an increase of 10% or more in overall membership will receive \$500.00. Regions have discretion to use the money as they choose; however, the intent is that monies be directed toward programs and activities that benefit the greatest number of weekend trialers and thus propel membership expansion in the region.
3. Amateur program revisions were approved by the National Officers and Board of Directors. The existing trial formats for amateur, novice, and open dogs have not changed. What has changed? The amateur eligibility standards are realigned and uniform across the multiple trial formats. And, we have now streamlined and expanded opportunities for those persons wishing who wish to continue running in amateur events without being required to transition to open competition. Specifically, in §§ 17, 18, 20, and 22 of our trial format guidelines, we have clarified that an amateur or novice dog is a dog that has fewer than 7 Open points of any kind. Then, we have revised language such that earning an amateur championship will no longer force a dog to compete in Open events. Finally, we have relaxed the restrictions on the total number of these trial formats that may be scheduled. The detailed changes and underlying rationale is available upon request from the National Office.
4. Regions that are not incorporated and rely on NSTRA for inclusion in the annual tax filing of the organization, will now be required to pay the cost of that service. If you have any questions, please contact your National Officer region representative.
5. Every year, we hear members complain about this or that rule, or comment that a by-law is old and needs changing. Please note that members have the ability to effect change directly by submitting by-law and rule changes. Changes to the by-laws must be received by the national office 90 days prior to the DOY or TOC. Changes to rules must be received by the national office 60 days prior to the DOY or TOC. There is a required format necessary and without following that format, the change will not be considered. For specific information or to answer questions, please contact your National Office region representative.

As spring trialing winds down and regional championships abound, the National Officers wish all of NSTRA new and exciting opportunities in the upcoming year - pass the word – join the fun – share the wealth!

2019 TRIAL OF CHAMPIONS

The 2019 Trial of Champions was held on April 24 – April 27 at the Conservation Birddog Club in Amo, Indiana. A pre-trial was held on Monday and Tuesday hosted by the Conservation Birddog Club and chaired by Jim Thomas. Mikeal Mulberry, the trial chairman met with trial officials explaining boundaries and safety areas. The officials for this trial were: Judges - Bodie Ray (GA), Bob McCandless (KY), John Rawdin (IL), Rick Bertinetti (IL), bird planter Brandon Ralston (IL), field marshals were Mychalie Moore (IN), Dominique Boucher (CC) and the trial coordinator was Nina Harmon (KY). The birddog club and Michele Parient's group in the kitchen served some great meals during the week. For breakfast we had biscuit and sausage gravy, eggs, pancakes, and hash browns. Lunch was chili, sub sandwiches, cheeseburgers and hotdogs. Wednesday the temperatures were cooler but clear skies throughout the day. Judging A field was Bodie Ray and Bob McCandless with Mychalie Moore as field marshal. Mychalie got the handlers into the blind at 7:30am to give them the rules of the field while Brandon planted the birds. Format is to take the top 16 dogs from Wednesday and Thursday runs.

Immediately following the trial Jugg's Catering was set-up and the meal was served. Fried chicken, fish, mashed potatoes, corn, hot biscuits and apple butter. Cake and ice cream were also served compliments to NSTRA. Ron Huels welcomed everyone to the banquet. He thanked the members of the Conservation Birddog Club for everything they did to get the grounds ready for this trial, Michele Parient and her help in the kitchen for the great breakfasts and lunches so far for the week. Ron introduced our sponsor representatives, Mike Botts from Purina/Garmin and Dion Bliss with Red Haw Supply. Office personnel present were Julia Herwehe, Nina Harmon, and the newest member Mary Arnes. Mikeal Mulberry introduced the officials for the trial and thanked them for a job well done.

Mikeal presented the 2018 Trial of Champion winner Rodney Howard with a portrait of Ramblin Zeke the Streak, a 7-year-old male German Shorthair. The final awards were trophies awarded to both Wednesday and Thursday Qualification Round Winners.

All during the Thursday night meal and banquet the rain was coming down in sheets and continued on into Friday to make the grounds very wet and muddy. All of the judges, field marshals, and bird handler were dressed in their rain gear and ready to start the day at 7:30am.

Congratulations to Deborah, Dale, and Macy.

Second runner-up was K Nines Bluegrass Covert Affair – Annie that is owned by Mark Little and handled by his son Jack Little from the Kentucky Region. Annie is a 1-time NSTRA Champion with 59 lifetime points which 19 of those are first place points. Her sire is Maxwell's Blew By You II and dam, K Nine Gun's and Roses. Annie's first placement was 3/8/15 at a Corbin, Ky. at the Tri-County Quail Club grounds. Annie with Jack handling has also won the High Point Award in the Kentucky Region this year. Annie's winnings will be a 2nd Runner-up trophy, Purina dog food, a TOC jacket, a gift certificate for Garmin, a gift certificate for Dogs Unlimited, and a belt buckle. Congratulations to Annie and the Little family for a job well done!!

The gates between A and B fields were opened up, there were field cleaners in both fields, the score cards were made and ready and the gallery was awaiting the start of the final round. Several people went to the B field gallery where they would have a better view of both fields.

When it was time to start the final hour Scott with Jimmy and Wayne with Athena got into the blind, pictures were taken and well wishers wished them both good luck! It was still raining and the grounds were wet and muddy but the excitement was in the air. John Rawdin and

Rick Bertinetti was ready to judge this final hour brace with Dominique Boucher field marshalling A field and Mychalie Moore field marshalling B field. Brandon Ralston planted 10 birds and when finished the handlers and dogs came to the starting line.....and they were off. It was neck and neck until each dog had 5 birds each and Scott and Jimmy ended up with a back. At the end of the hour the outcome was:

Congratulations to Scott and Jimmy for another awesome week of trialing!

We would like to thank everyone that came and entered this trial. Without you there would not be a trial to have. I want to thank all of the officials and for them doing a great job during the week in the duties that they were asked to do.

Thank you to JR Coke for his help in making sure the fields were right. 4-wheelers were provided for the judges that needed them and thanks to the whole CBDC for all their help.

A huge thank you to our sponsors: Mike Botts with Purina and Garmin and Dion Bliss with Red Haw Supply for attending the trial. I hope everyone that needed dog collars, leads, tie outs, and shell belts were able to get what you needed from Dion while he was on the grounds.

Until next time, happy trialing!! ■

A new breed of dog handler discovers trials and tests for their canine partners

*written by Mike Zlotnicki
photographed by Thomas Harvey*

I can't recall the exact date, but in the early 1980s I attended, as a spectator, a field trial in Sumter County, S.C. The handlers were all male and the dogs English setters and pointers—not a whole lot of diversity. The grounds were a combination of broom straw and pines and the event was yet another piece of the bird dog puzzle that I had been putting together since I read the Jim Kjelgaard novels about Irish setters as a child.

Fast forward about 40 years and times have changed. There are numerous venues for pointing breeds to test and compete, a greater variety of breeds testing and competing, and more women are discovering the joy (and pain) of handling their dogs.

A visit to a National Shoot to Retrieve Association (NSTRA) field trial in Benson proved that to be true. Of the 30 competitors, five were women. While that might not sound like a significant amount, it is an example of the sport's growing popularity among women.

"They're serious competitors," Glenn Blackwell, co-founder of the Eastern Carolina Chapter of NSTRA, said of the women handlers. "When we started this chapter it was mostly middle-age and older men. The women have come about and take it very seriously and are very competitive."

Jana Ewing awaits her turn on the bird field at a National Shoot to Retrieve Association field trial at Walker Farms in Benson. Women are becoming regulars at various pointing breed competitions and hunt tests.

This trial format pits two dogs (called a brace) in a bird field. The dog that finds and retrieves the most shot quail is declared the winner. The competition is designed to mimic a hunting scenario, and the dogs are also judged on obedience, style, “honoring” another dog’s point and other skills.

“I had a normal life until I met that man right there,” said Jana Ewing, nodding toward Blackwell, “I bought a puppy from Glenn and he did field trials and judged and he said ‘I think you need to come and try; just come out one time and see.’ And so I did. I rode with a judge and that was when I got hooked.”

Ewing started training about five years ago and now she campaigns three German shorthaired pointers on the NSTRA trail. Most of their events are two days and Ewing, who helps with administration, said she may get on site at 6:30 a.m. and not get done until about 5:30 p.m. “It’s an all-day commitment,” she said, “especially with three dogs to run. Some people run five, some people only run one. And it’s for two days, so you have a lot of time committed.”

A sport that was once exclusively for men is now far more diverse, and Ewing believes this NSTRA chapter is supportive of all handlers.

“They’re very open. We’d love for more women to come out,” she said. “A lot of people just don’t know it’s here. I didn’t before I got my first dog. Everybody’s been very accepting and very helpful. There’s a lot of people around here who are willing to help you with your dog. There’s a lot of good trainers around, but you have to constantly reinforce the training with your dog.”

get their feet wet, get involved. And like I said, I think it’s a reflection of active people having active dogs, and this expands their options.

“Today [at the NSTRA field trial], we have five women competing with different breeds. Some of the ladies, including Jana, have started [gunning] for themselves. Jana has participated in trials on a national level through this organization.

We’ve got a good mix

of younger and older as far as participation, as well as male and female.”

Blackwell discussed the changing dynamic of NSTRA while Ewing ran one of her dogs at the trial. He noted how the Eastern Carolina chapter began with mostly middle-age and older men but now features several women.

“When I first started in 2006, the first event I went to, I was standing back like we are and I said, ‘This looks like a gentlemen’s sport,’” Blackwell said. “And someone said ‘We may look like gentlemen here, but when we get on that field it’s no holds barred.’ With the ladies it’s the same way. . .

“NSTRA is a family association and the only way we’re going to continue doing the sport we love is to bring in new members and it doesn’t matter where they come from.”

Co-founder Whitley Stephenson echoed Blackwell’s words, noting that the increase in women participating in NSTRA reflects their overall increase in outdoor activities.

“Several of these women started with one dog, maybe a house dog in Raleigh. It was an avenue to take a sporting dog out and get it some exercise,” Stephenson said. “A high-energy dog living in a house needs exercise. It was kind of a natural progression of things. Eric [Walker] has been really instrumental in helping people like that

of younger and older as far as participation, as well as male and female.”

Another competitor at the field trial was Susan Butler of Littleton, who is a Brittany fancier. She ran in a brace with Ewing, and then ran another dog in a brace with Dean Watson and his male pointer Luke. Before running she talked about what she wanted her dog to achieve.

“This is a game,” she said. “I want to see how he does in a brace, how he does overall and each of the elements we need to work on.”

After 30 minutes and three finds, Butler was not satisfied. “That was a rodeo,” she said, meaning her dog was a bit wild. “He didn’t handle well. Was I satisfied? No, I’m not. He can do better.”

Watson and Luke, on the other hand, had a career day with seven finds. You never know what will happen once they’re turned loose.

The AKC Games

The American Kennel Club has a plethora of opportunities for dog owners, including field trials. Some are from horseback, some are walking and some are sponsored by breed clubs. Some trials are for dogs of a

Ewing's well-mannered German shorthaired pointer awaits her turn afield. Above: Kim Grant works with her vizsla, Franchi, during a training session.

vizsla, more’s Veloce, JH. (In many gundog registered naming conventions, the breeder or kennel name is first. In this case, each pup was named after a shotgun, and the JH denotes an AKC Junior Hunter title. The call name is Franchi.) Grant also believes that the AKC community is accepting of new handlers.

on obedience first and find a mentor, perhaps online at a breed club website.

Grant hunts wild birds, but she also knows many hunt testers and field trialers have no interest in pulling a trigger. “I see that a lot,” she said of competitors who do not hunt. “I was in a hunt test one time and there was this lawyer from Raleigh who had a [German shorthaired pointer] and was doing a Junior Hunter [test] and her dog did not find one bird out there. She came out of the field with a big smile on her face and she said, ‘That was the most fun I’ve ever had that didn’t have anything to do with wine or men.’ She got hooked and loved it.”

certain age while others involve the retrieve of shot game. This list of options is a long one, and Kim Grant of Raleigh enjoys the AKC trials. Grant is unusual (for this story) because she grew up in a hunting family.

“I grew up in Pennsylvania and my dad had an English setter and two Brittany spaniels and Pennsylvania was full of pheasants back in the day,” she said during a break in a training session with Franchi, her male vizsla. “I lived on a dead-end street and as far as you could see was corn fields. So my dad would just walk out the back door and come back with a limit.”

The vizsla breed is a dock-tailed, rusty-colored that originated in Hungary. After losing a Brittany, Grant and her husband discovered their new breed in unusual fashion. They were on vacation at the beach and began pondering what kind of dog they would like next. Kim was familiar with vizslas through a family friend. Then one morning, while walking the beach, fate seemed to answer their question.

“There was a couple on the beach, sitting in their chairs with a vizsla, while they were reading,” she said. “And we said ‘yup.’ And they’re still good friends of ours to this day. That was 16 years ago. My dad had a friend who had a vizsla and I really liked the breed. They’re not as big as weimaraners and I think they’re more sane than weimaraners.”

In Grant’s favorite AKC format, two dogs are braced with horse-mounted handlers, judges and scouts to help locate dogs and a mounted gallery following. Often her husband is in the gallery.

“I broke him of the country club thing,” she said, laughing. “He was a golfer. He loves to hike now and likes to watch the dogs. He comes with me now for most of my trials because he’s gotten to know some of the people.”

Grant, a medical laboratory scientist, said that the progress and partnership that you get while training and competing is her motivation. Grant is on her third

“There are a lot of women getting into hunt tests,” she said. “I happened to grow up with horses and dogs and I’m really competitive, so it checks a lot of boxes for me. I think some of the pros can look down on you, but I’ve got a pro who’s a really good friend of mine and he’s helped me pave the way and gain acceptance. Also, I don’t go in acting like I know everything. I ask questions and want to learn.”

Grant allowed that her first event was not a smashing success. She and her daughter took their previous dog, Rusty, to the trial. Grant competed in a walking derby while her daughter entered a youth Junior Handler competition. Before her daughter’s event, they overheard one man giving his grandson some motivational advice. “Don’t you let that girl go beating you,” Grant recalled the man saying. “We both rolled our eyes and had a good laugh.”

While they didn’t win that day, the tables would be turned now. Last year, after returning from a pheasant hunting trip in Pennsylvania, Grant and Franchi placed second in an open gun dog competition that featured a very challenging field.

Grant suggested that newcomers find an AKC event and go watch a hunt test and find out how easy Junior Hunter can be. They can start with hunt tests and graduate to trials. She suggests that they work

Jumping in the Deep End

Emily Shirey, of Rougemont, is the newbie in this group. A professional obedience trainer, Shirey and her husband, Matt, discovered German shorthaired pointers a little over a year ago. She has since become a licensed, shotgun-toting hunter. She also has started a blog about her new passion, “Shorthairs and Shotguns.”

“I got a job as a dog trainer and I was looking for a super-energetic dog to keep up with me and I thought a GSP fit the bill,” she said after her second-ever woodcock hunt. “I found [breeder] Fred Rice online with Sundance German Shorthaired Pointers and put a deposit on a puppy. He talked about the North American Versatile Hunting Dog Association, and hunting and a whole bunch of stuff like that, and that’s how I got started.”

Shirey, who is used to working with her share of fat, spoiled house dogs and the “doodle of the day,” has fallen hard for bird dogs.

“Seeing a dog do what it is bred to do is just unbelievable,” Shirey said. “There’s no experience quite like that. And to see how much they love it and they live and breathe for this is really incredible and that’s something you can’t find in a lot of typical house pets and other dogs that

don't have jobs quite like this. It's really unique."

Shirey wants to do more NAVHDA hunt tests and more wild bird hunting, and she likes the support of her (and my) NAVHDA chapter.

"I've met some really, really super people," she said. "Very generous, very helpful people that really bring you together, especially with NAVHDA not being competitive. [There is] a real sense of community and encouragement from everyone. When I was involved in horses, it could get quite competitive. In NAVHDA, everyone's out for the same goal."

As for the wild bird hunting, Commission staffer Thomas Harvey and I took Shirey on a morning woodcock hunt at a Piedmont game land last December. She was following her dog, Blitz, when suddenly it locked up on point. She dismissed it and I told her, in a low voice, "trust your dog." As if on cue, a woodcock burst out of the briar tangles of the creek bottom. Her shotgun never left her shoulder.

"I was not expecting that," she said later. "I didn't even move my gun. It was a really pleasant surprise that there was actually a woodcock there. It was a little bit overwhelming and definitely exciting. It was so quick. Everything happened so fast. I feel a little bit more prepared and know what to expect."

No birds were harmed in the making of this interview, but Shirey hopes that, too, will change with more experience.

***PURINA PRO PLAN* OFFERS FORMULAS THAT DELIVER PERFORMANCE NUTRITION**

Performance factors typically tip the scale when it comes to choosing the best food to feed an individual dog. Does the food in your dog's bowl provide the nutrition and energy needed to power a top bird dog?

"When choosing a food, it's best to determine your dog's energy needs, the most critical part of his or her diet other than water," says Purina Research Nutritionist Christina Petzinger Germain, PhD.

Energy fuels a dog's performance at field trials and during hunts. When a dog food provides the right levels of energy nutrients — carbohydrates, fats and protein — a dog is more likely to achieve a high VO_2 max, or maximal oxygen uptake. When maximal oxygen uptake combines with maximal

fat oxidation, it produces the best performance during hard work.

"The higher the VO_2 max, the more intense a dog can exercise," Dr. Petzinger Germain explains. "This is due to the supply of energy from fat to the muscles, sparing the liver and muscle glycogen stores, and the body's use of amino acids, or protein, to provide glucose and delay fatigue. The longer you can spare glycogen, the better."

Glycogen, the storage form of glucose in the muscles and liver, is needed during intense work. However, it is limited in the body, and its depletion may affect a dog's performance or capacity to work optimally. When glycogen stores are fully depleted, this leads to exhaustion.

PURINA PRO PLAN AT A GLANCE

Purina Pro Plan SPORT Performance 30/20 Chicken & Rice Formula

- Made for all life stages
- 475 kilocalories per cup
- Real chicken is the No. 1 ingredient
- 30 percent protein/20 percent fat

Purina Pro Plan SPORT Performance 30/20 Chicken & Rice Formula helps fuel the metabolic needs of hardworking dogs. Its concentrated nutrition helps optimize oxygen metabolism, or VO_2 max, for increased endurance. Amino acids help nourish muscles, including during the crucial time immediately after exercise. It also contains EPA, an omega-3 fatty acid, and glucosamine to help support joint health and mobility. Linoleic acid, an omega-6 fatty acid, helps promote a dog's healthy skin and coat. Antioxidant-rich nutrition helps nourish the immune system and defend against free radicals. *Purina Pro Plan SPORT Performance 30/20 Chicken & Rice Formula* contains a high-quality source of protein and amino acids from ingredients including real chicken.

Purina Pro Plan SPORT Performance 30/20 Salmon & Rice Formula

- Made for all life stages
- 496 kilocalories per cup
- Real salmon is the No. 1 ingredient
- 30 percent protein/20 percent fat

Purina Pro Plan SPORT Performance 30/20 Salmon & Rice Formula is made with salmon as the No. 1 ingredient. Protein is a key source of energy and also important for growth and development. With 30 percent protein, this performance formula helps build and maintain lean muscle mass, including during the crucial time immediately after exercise. The concentrated

nutrition of this formula helps to optimize oxygen metabolism, or VO_2 max, for increased endurance. It also contains EPA, an omega-3 fatty acid, and glucosamine to help support joint health and mobility. Linoleic acid, an omega-6 fatty acid, helps promote a dog's healthy skin and coat. The antioxidant-rich nutrition of *Purina Pro Plan SPORT Performance 30/20 Salmon & Rice Formula* helps nourish a dog's immune system and helps defend against free radicals.

Purina Pro Plan FOCUS Sensitive Skin & Stomach Salmon & Rice Formula*

- Made for adult dogs
- 429 kilocalories per cup
- Real salmon is the No. 1 ingredient
- 26 percent protein/16 percent fat

Purina Pro Plan FOCUS Sensitive Skin & Stomach Salmon & Rice Formula is rich in linoleic acid, an omega-6 fatty acid, and zinc, which help nourish a dog's skin and help promote a healthy coat. This formula contains a natural prebiotic fiber that helps promote digestive health. Antioxidants help support immune system health, and omega-3 fatty acids help support healthy joints and mobility. *Purina Pro Plan FOCUS Sensitive Skin & Stomach Salmon & Rice Formula* contains oat meal, which is easily digestible and gentle on a dog's digestive system, and contains no corn, wheat or soy, no artificial colors or flavors, and no poultry by-product meal.

*Although *Purina Pro Plan FOCUS Sensitive Skin & Stomach Salmon & Rice Formula* does not provide the protein, fat or carbohydrate levels needed for a dog to reach VO_2 max, it does provide benefits that are important to sporting dogs and may be ideal for dogs that require fewer calories or have sensitive skin or stomach.

Purina Pro Plan is sold exclusively at pet specialty and through online retailers. For more information, please visit proplan.com.

A diet that is high in protein promotes high-circulating red blood cells, which have a crucial role in carrying oxygen to the cells, including muscle cells where oxygen is used to burn fat to produce the energy needed by a dog during work. Increased oxygen in muscle cells results in the increased capacity of the muscles to use fat as an energy source.

Fat is an important concentrated source of energy. The gross energy of fat equals 9 kilocalories compared to 4 kilocalories for both protein and carbohydrates. The digestibility of fat is generally higher than protein or carbohydrates, and fat is highly palatable and impacts the texture of dog food.

Curious as to how kilocalories compare to calories in human food? They are the same, except on human nutritional labels,

kilocalories are shortened to Calories. Both represent the amount of heat required to raise the temperature of 1 kilogram of water 1 degree Celsius.

"During recovery, particularly at a field event in which a dog may have run multiple times in one day, glycogen stores are replenished via carbohydrates in the diet," says Dr. Petzinger Germain. "Dietary carbohydrates are important because they help maintain glycogen stores, enabling repeated episodes of exercise and work on a long-term basis."

Understanding energy balance and determining whether your dog receives the nutrition he or she needs can be as simple as evaluating the dog's performance, to help ensure that he or she performs optimally with energy, drive and enthusiasm. ■

2015 recipient of NSTRA scholarship

TJ Craven

03-23-19

Received a call from Todd Craven this morning:

His son TJ was the recipient of a \$2,500 NSTRA Scholarship in 2015. Due do some less than stellar test scores, he went to Mott Community College in Flint, Michigan where he started to apply himself a bit more to his studies. He was awarded a scholarship to Wayne State University in Detroit where he earned a 4.0 in the honors program even suffering from spinal meningitis one semester where he had to learn to walk again and kept his 4.0 GPA. He has now been awarded a full 3-year, 100% scholarship to the University of Detroit Mercy School of Law!

Todd called me and was embarrassed to brag but he just wanted us to know. I would have been shouting from the mountain tops if it were me. I told him to get me an article for the magazine and we would be happy to put it on the website and in the magazine.

A Letter from TJ to NSTRA

Generosity is a virtue most certainly embraced in NSTRA. As a recipient of this organization's scholarship in 2015, I experienced this firsthand. Through this gift, I was able to further my education at Mott Community College. While there, I attained a 4.0 grade point average and was nominated as a student of the year. Based on my academics, I was awarded a full scholarship to Wayne State University to study Business Management at the Mike Ilitch School of Business and the Irvin D. Reid Honors College. While there, I was a Teaching Assistant for the Global Supply Chain and Logistics Department and pursued research in differing management styles based on geographic location. In December, I graduated Summa Cum Laude with a 4.0 cumulative grade point average looking to pursue an education in law. I just received a Fellows Award from University of Detroit Mercy School of Law which will allow me to make my way through law school without any financial burden. Through hard work, NSTRA's generosity and the help of God, all of these things have been made possible. As a member of this organization, I feel blessed to be surrounded by all of the individuals who made the pursuance of my education possible. I will forever be indebted and eternally grateful to National Shoot to Retrieve Association.

Sincerely,
T.J. Craven

NEW MEMBER HIGHLIGHT

*Blake Rollins, Gulf Coast Region
and
Kirk Grounds, Lone Star Region*

As we know NSTRA is struggling to get new members in most regions. This short story is about how two new members, Blake Rollins and Kirk Grounds, from separate regions who helped me out in a big way.

The weekend was March 16 & 17, 2019. I was running my dog in B field on Sunday and he was chasing a marked bird and went out of the field into the woods. On his way out of the field he had to cross some fence. I waited several minutes for him to come back into the field, because I needed to cool off, before I finally set my gun down and climbed over the fence to get Gus. He had the bird in his mouth and appeared like he had gone for a swim when I saw him coming back to me. I didn't notice anything wrong with him then, so we kept on hunting.

Later he went out of bounds again chasing another bird. This time when he came back, I noticed his front right leg was swelled up to the size of a baseball bat. There appeared to be two puncture wounds on his leg, and I feared he had been bitten by a cotton mouth when he went out of bounds that first time. The judge and I quickly drove back to my truck, so I could clean him off and get a better look at him.

The first two people to come up to me and see if I needed help were Blake Rollins of the Gulf Coast Region and Kirk Grounds of the Lone Star Region. Blake gave me some antihistamines in case it was a snake bite and Kirk gave me some pain killers to give to Gus. Kirk even took pictures and called his vet to see what we could do. In the end Gus was fine and the swelling went away the next day.

There were several other people that came up also and I thank you, but this story is about thanking and highlighting these two new members. Too many times we hear about people running off new members and we don't see or hear from them again. We need to thank them and hope we get more members like Blake and Kirk.

Thank you, Blake and Kirk, I really appreciate it.

The American Brittany

The American Brittany Club is a member club of the American Kennel Club and the recognized breed sponsor by the American Field. The Club is comprised of many regional Brittany Clubs located from coast to coast. Most of the Clubs hold field trials, conformation shows and hunt test events. The clubs also hold meetings, fun trials, training sessions and other events of interest to the Brittany owner. Membership in the American Brittany Club entitles you to a monthly issue of the American Brittany Magazine. This publication which began in 1949 keeps you abreast of what is happening in the Brittany world. The magazine contains reports of field trials, shows, hunt test and agility/obedience events, club activities and articles on the care and training of the Brittany. The magazine also has articles on hunting and general interest as well as listings of kennels, stud dogs and trainers.

YEARLY MEMBERSHIP IS \$50.
